# LLIES MAKING OF THEIR AIRSHIPS

In Bombarding Points of Vantage Behind the German Lines in France

### VIOLENT ARTILLERY BOMBARDMENT CONTINUED

South of the Somme Heavy Shelling by the French Prevented the Germans Making Their Customary Counter-Attacks -The Germans Are Heavily Shelling the French in the Old First Line German Trenches Between the Vaux-Chapitre Region and the Town of Chenois-In Galicia the Russians Are Keeping Up Their Pressure Against the Austro-Germans Westward From the Region of Brzezany and Halicz-The Rumanian Fortress of Turtukai Has Been Captured by the Germans and Bulgarians, Who Took More Than 20,000 Prisoners and 100 Guns.

The infantry of the belligerents in | cut by the Russians who are now the Somme region of France, was inactive Thursday, except south of the river, where the French, to the east of Deniccourt, captured sections of trenches from the Germans and brought forward their front more in alignment with their newly acquired line running through Bellov-en-San-

terre and Berny-en-Santerre.

The day, however, saw a continuation of the violent bembardments which always precede attempts at fresh advances by the entente allies. In addition great aerial activity was shown by French aerial squadrons in bombarding points of vantage behind

the German lines.

South of the Somme se violent was the French artillery fire that under it the Germans were unable to make their customary counter-attacks, according to Paris.

The Germans are heavily shelling

The Germans are heavily shelling The Germans are beavily shelling the French in the old first line German trenches a mile in length between the Vaux-Chaplire region and the town of Chenels, in the Verdun sector, which were taken by the French on Wednesday night.

In Galicia the Russians are still ac-tively in quest of Lemberg, keeping up their pressure against the Austroop their pressure against the Austro-Germans westward from the region of Brzezeny and Halicz. Near Brezezany the Ruslans have driven back the Teutons from fortified positions and advanced to the Naraluvka river, a tributary of the Guita Lipa, and at Near Hallez the railway line has been surrendered to the British.

### FEDERATION OF LABOR FAVORS VOTES FOR WOMEN. Unfavorable to State and Nation-Wide

Hartford, Conn., Sept. 7 .- The Con necticut Federation of Labor, after tolong and spirited debate, today reaf irmed its belief in the principle of voman suffrage by a roll call vote of 2 to 58. Women delegates were op-

72 to 58. Women delegates were opposed to the resolution.

The convention went on record as being opposed to state and nationwide prohibition. A resolution was adopted attacking the state labor department as at present constituted, chalming that the work done was not practical. The appointment of a commissioner in sympathy with the cause of labor to the resolution was not practical. The appointment of a commissioner in sympathy with the cause.

practical. The appointment of a commissioner in sympathy with the cause of labor was ursed.

The Danbury hatters came up for considerable discussion and unionists were urged to send in contributions to him in his wealth." The editorial alhelp pay the fudgment recently im-posed by the supreme court of the United States.

### AMERICAN COMMISSIONERS

### CONSIDER BORDER MATTERS Working for a Full Consideration the Task Before Them.

New London, Conn., Sept. 7 .- While the American-Mexican commission to evolve a settlement of border disputes was not in session today, real progress was made by the American commissioners toward a full understanding of the task before them. The American commissioners spent several hours in studying data on conditions along the international line and in Mexico provided by the state and was described. ided by the state and war depert-ided by the state and war depert-nents. They also questioned at length special Agent James Linn Rodgers, rought north from Mexico City for hat purpose, and Stephen H. Bonsai, less attached to the state department, so to their revenal knowledge.

as to their personal knowledge of af-fairs beyond the border.

At the conclusion of the day of preparation for the resumption of the joint conference, Secretary Laine said the American commissioners had found many hopeful signs. Conditions in Mexico, both economic and social, ap-pear to be on the mend, he said, and official reports to the state depart-ment bear out the views in this regard expressed yesterday by the Mexican commissioners. ommissioners.

During the day the joint commis-

During the day the joint commission received a message from President Wilson in answer to a despatch Sent Yesterday to Washington and Mexico City notifying the president and First Chief Carranza that the conferences had begun. An answer from General Carranza is expected later.

The joint sessions will be resumed tomorrow. Luis Cabrera, head of the Mexican commission, having returned December session. tral powers are still stubbornly de-fending. ## **Only Surface Lines Crippled**

SUBWAY AND ELEVATED TRAINS RUNNING IN NEW YORK

### STRIKE NOT EFFECTIVE

Protection is Continued as Good as Yesterday

New York, Sept. 7.—Subway and elevated transportation lines on Man-mattan Island were being operated to-night on what officials of the Interorough Rapid Transit Company said were virtually normal schedules, al-hough it was admitted that service on the surface lines of the New York Railways Company was seriously af-fected by the traction strike called

ast night. Shorts Says Strike is a Failure. Officials of the Amalgamated Association of Street and Electric Railway Employes who are conducting the strike conceded that schedules on the strike conceded that schedules on the subway and elevated lines were not seriously hampered, but reiterated their determination to 17th to the end and announced that v. espread efforts would be made to induce strike-breakers and employes who have remained loyal to the company to quit their nosts. Theodore P. Shorts their posts. Theodore P. Shonts, president of the Interborough, issued their a statement late today in which he said the strike was a failure and that if police protection continued as good as it has been throughout the day, the city was assured of normal transpor-tation facilities.

Several Arrests Made. Several arrests were made during the ay, but disorders which occurred in arious parts of the city resulted in nly minor injuries to a few persons, ecording to police reports. The most erious disturbance occurred when a rowd of strikers surrounded two urface cars and hurled bricks and

stones. Police reserves soon dispersed the strikers, however. In other cases bricks were thrown from roofs upon elevated trains and several attempts were made to "rush" station employes comtheir posts. Surface Cars Ordered to Barns.

nes diverted much of this traffic to he elevated and subway lines. After the evening rush hours the New fork Railways Company ordered most f its surface cars to the barns, de-laring they would be taken out again the morning. Mayor Mitchell arrived in the city tonight from the Plattsburgh training camp and immediately went into con-ference with Police Commissioner

Disruption of service on surface

### GRENFEL MISSION SCHOONER RETURNS FROM THE ARCTIC With Some Members of the MacMillar

Woods and other city officials.

Battle Harbor, Labrador, Sept. 7.-The Grenfel Mission schooner George 3. Cheett, which went to the relief of the Donald B. MacMillan Arctic expedition in July, 1915, has returned here. Only Captain H. C. Pickles and the crew are aboard, MacMillan, Dr. E. O. Hovey, who led the relief expedition, and other scientists of the party having elected to remain for a time in

Expedition.

and other scientists of the party having elected to remain for a time in the northern part of Greenland.

The MacMillan party wintered aboard the Chuett in Parker Snow bay, east of Etah, and Captain Pickles reports that on July 29, 1916, when the Chuett left North Star bay, Greenland, about 20 miles north of the expedition's winter quarters, all the party were in good health and had an abunwere in good health and had an abunance of supplies.
The MacMillan party were joined by

Knud Rasmussen, the Danish explorer, who has been engaged in that region in mapping cut the coast, and it is understood that they will return by way of Denmark.

The Cluett was just able to get clear of her anchorage through a narrow lane of ice, and after four weeks of battling with heavy ice reached open water at a point about the latitude of Durban harbor, 40 miles north of Cape

Dyer. Throughout August fog and south-erly head winds prevailed. The hull of the Cluett on her arrival here appeared to be in good shape, in spite of the hard winter through which she passed and her buffeting by the ice on her trip south. Her engine has been out of commission since last Oc-

tober and her propeller shaft and rud-der chains are broken.
The crew seems to be in good health, despite the shortage of food and other hardships through which they passed The winter's diet of salt horse an bread was varied by a supply of birds and sea pigeons, which were netted in large numbers, and whale, sea walrus and polar bear meat.
